

Since the beginning of time, mankind has been in awe of the night sky and everything our universe has to offer. From the smallest of living creatures, to galaxies millions of lightyears wide, we will go on a journey to discover "Out of This World Science."

"So remember to look up at the stars and not down at your feet. Try to make sense of what you see and wonder about what makes a universe exist. Be curious." - Stephen Hawking

Students will participate in 4 sessions including The Basics of Helicopter Engineering, Working with iPad Microscopes, A Journey Through the Solar System, and Navigating the Night Sky.

**BCHS Super Saturday
November 21, 2015
Registration Form**

Student Name _____

Grade _____ School _____

Street Address _____

City _____ State _____ Zip _____

Phone Number _____

Emergency Contact Name _____ Relation to student _____

Phone Number _____

Parent/Guardian Signature _____

Allergies or Medical Conditions (Indicate all food allergies):

Your signature on this form also authorizes BCHS Science club to photograph your child during the above event. Photographs may be used in school &/or community publications.

Dear Teachers, Parents, and Guardians:

In collaboration with Western Kentucky University, Butler County High School Science Club student and teacher members will be hosting a Fall Super Saturday on November 21, 2015, from 1:00pm to 5:15pm with a space theme. We invite parents to come at 5:15 pm to learn with your students about the night sky. Food will also be provided. Students, a.k.a. astronomers will participate in a variety of activities teaching the basics of navigating the night sky. This day camp is for students in grades 3 through 8. Students participating in Super Saturday will not only make items dealing with science, they will also receive snacks, dinner, and a T-shirt. The price of the day camp is \$20 for the first child with the cost of each additional child of only \$10.

If you would like your child to participate, please complete the attached registration and send a check payable to BCHS Science Club with "Super Saturday" in the memo. You may drop this off at the high school or mail this to BCHS, attn: Jennifer Davis, 1852 South Main Street, Morgantown, KY 42261.

The absolute last day to register for Super Saturday is November 13th.

Once registration is complete, students who have registered will receive a detailed letter on the specifics of the day, drop-off and pick-up arrangements, and other logistics. Please complete the registration form completely, including zip code, so we can make sure you get all of the details!

We are hoping to offer scholarships to students in need of financial assistance. If you have a business that would like to make a donation for student scholarships, please contact me and we will get their name on our t-shirts!

If you have any questions or concerns about anything pertaining to Super Saturday, please email jennifer.davis@butler.kyschools.us or call Jennifer Davis at 270-526-2204. Thanks for your help and we look forward to seeing you at Super Saturday!
